

PRODUCT DESCRIPTION

The DS1387 contains dual horizontally opposed four-inch diameter speakers. The compact enclosure includes a convoluted, flame-retardant, acoustical insert to eliminate standing waves and metallic resonance. Dynasound's DS1387 sound masking speaker is designed for quick and easy installation under raised access floors and above suspended ceilings. The DS1387 provides uniform dispersion and is well suited for sound masking, paging and music signals.

FEATURES

- Dual horizontally opposed speakers
- Internal 70.7 volt transformer with rotary volume control
- Single point suspension for easy installation
- UL listed to conform to UL1480 and UL2043
- Made in USA
